

2018-2019 The Sports Premium

Article 29: Education should develop each child's personality and talents to the full.

Article 31: All children have a right to relax and play, and to join in a wide range of activities.

Purpose of the Funding

The Government is giving funding to schools for a specific purpose. Schools must spend the additional funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this.

Quality of Provision

At Pinner Park Junior School (PPJS) we provide physical activity during the school day as well as further extra-curricular clubs. P.E. develops pupils' physical competence and confidence as well as their ability to use these to perform a range of activities. It is also an opportunity to develop pupils' leadership and coaching skills.

The school currently provides a minimum of 2 hours of P.E. every week where skills are taught through P.E. lessons. We have the facilities to offer one indoor lesson and outside activities on the playground and field.

Partnership Work

Our school is part of a local partnership which meets regularly to plan competitions for the children and share good practice. We have found this beneficial as it has given our children the opportunity to participate regularly in Inter-School competitions.

After School Activities and Lunchtime Activities

At lunchtimes, the School Council operate an equipment shed. Children can borrow equipment to play their games with. Our lunchtime Playleader is available on the playground to support the children in playing different types of games safely and involving as many people as possible. Football and basketball rotas operate to make sure there is fair access to the marked areas.

Getting Active workshops like skipping and Bhangra Burnoff are bought in by the school to give the children opportunities to increase their skills and give them ideas for activities to play in the playground.

We have also offered (and continue to offer) a wide variety of sports provision before and after school, both through our own staff and through outside providers. These opportunities are available for children to get active and involved on a regular basis.

Over the last few years we have offered a range of activities to pupils after school which have included multi-skills, cricket, football, netball, athletics, streetdance, martial arts, tennis and Change4Life and Boccia.

All clubs have links with local community clubs and we encourage children to join and commit to.

School achieved the Sainsbury's Gold Activemark – Sept 17
