

School Policy Document

Safeguarding and Child Protection Policy

Date Adopted by Full Governing board:

28 September 2023

Next review due by:

September 2024

Child Protection and Safeguarding Policy

Prepared by:	Claire Edwards (Deputy Headteacher & DSL)
Approved by:	Governing Board
Signature of Chair of Governors:	
Status & review cycle	Statutory Annual – next review September 2024

Safeguarding Team Contacts at Pinner Park Primary School

Role	Name	Telephone	email
Designated Lead Person for Safeguarding (DSL)	Mrs Claire Edwards	020 8863 2191	Contacted via: safeguarding@pinnerpark.harrow.sch.uk
Deputy DSLs	Mr Nick Waldron Mrs Lucy Jenkins Mr Dominic English Mrs Diana Ohene-Darko	020 8863 2191	Contacted via: safeguarding@pinnerpark.harrow.sch.uk
Designated Lead Governor for Safeguarding	Dr Janice Howkins OBE	Contacted via 020 8863 2191	Contacted via: office@pinnerpark.harrow.sch.uk
Designated teacher for Children in Care and children previously in care (CiC)	Mr Dominic English	020 8863 2191	Contacted via: office@pinnerpark.harrow.sch.uk
Lead for Online Safety	Mrs Claire Edwards	020 8863 2191	Contacted via: safeguarding@pinnerpark.harrow.sch.uk
Headteacher (for concerns/allegations about staff)	Mr Nick Waldron	020 8863 2191	Contacted via: office@pinnerpark.harrow.sch.uk For concerns about the headteacher, please contact the Chair of Governors, Quan Sim, via the Clerk to the Governing Board: londongovernance@gmail.com
Senior Mental Health Lead	Mrs Bhavina Sachania	020 8863 2191	Contacted via: office@pinnerpark.harrow.sch.uk

School Child Protection and Safeguarding Policy Framework

Safeguarding and promoting the welfare of children is **everyone's** responsibility. **Everyone** who comes into contact with children and their families has a role to play. In order to fulfil this responsibility effectively, all practitioners should make sure their approach is child-centred. This means that they should consider, at all times, what is in the **best interest** of the child. (Keeping Children Safe in Education)

2. Pinner Park Primary School's Safeguarding Ethos Statement

All staff at **Pinner Park Primary School** understand that safeguarding children is everyone's responsibility.

We will:

- Provide a caring, positive, safe and stimulating environment that promotes the social, physical and moral development of the individual child.
- Always act in the best interests of the child, taking their wishes and feelings into account.
- Ensure that all staff and volunteers are recruited using robust 'Safer Recruitment' processes (See **Pinner Park Primary School's Safer Recruitment Procedures**).
- Aim to identify concerns early and prevent concerns from escalating. This includes identifying emerging problems, liaising with the DSL, sharing information with other professionals to support early identification and assessment and, in some cases, providing the lead professional in undertaking an early help assessment. See Appendix 1 and [Harrow's Early Help offer](#).
- Establish and maintain an environment where children feel respected, safe, and are encouraged to talk and be listened to when they have a worry or concern.
- Require any member of staff who has a concern about a child's welfare to follow the referral process set out in this document.
- Where there is a safeguarding concern, take the child's wishes and feelings into account at all stages of the process of intervention.
- Ensure that children who have been abused or neglected will be supported in line with a child protection plan.
- Work with parents/carers to build a supportive relationship and be clear about our Safeguarding and Child Protection Procedures and in particular, when we may need to refer concerns to other agencies.
- Include opportunities across the curriculum, including PSHE and IT for children to be taught about safeguarding and to develop the skills they need to recognise danger and know where to seek help.
- Maintain an attitude of "it could happen here" where safeguarding is concerned.

Why is this important to our school?

It is important for children to receive the right help at the right time to address risks and prevent issues escalating. Research and serious case reviews have repeatedly shown the dangers of failing to take effective action.

Examples of poor practice include:

- failing to act on and refer the early signs of abuse and neglect;
- poor record keeping;
- failing to listen to the views of the child;
- failing to re-assess concerns when situations do not improve;
- not sharing information or sharing information too slowly and;
- a lack of challenge to those who appear not to be taking action.

Contextual Safeguarding

We recognise that some safeguarding incidents or behaviours are associated with wider environmental factors which relate to children and young peoples' neighbourhoods and/or online communications. Contextual Safeguarding expands the objectives of child protection systems in recognition that young people are vulnerable to abuse in a range of social contexts. For further information see the University of Bedfordshire's [Contextual Safeguarding Network](#).

3. Introduction – legislative framework

Pinner Park Primary School's **governing board** recognises the need to ensure that it complies with its duties under legislation and this policy has regard to statutory guidance, **Keeping Children Safe in Education (KCSiE)**, **Working Together to Safeguard Children** and locally agreed inter-agency procedures put in place by **Harrow Safeguarding Children's Board**.

This policy will be reviewed annually, as a minimum, and will be made available publicly via the school website or on request.

Safeguarding and promoting the welfare of children is defined as: **protecting children** from maltreatment; **preventing impairment** of children's mental and physical health or development; ensuring that children grow up in circumstances consistent with the provision of **safe and effective care**; and taking action to enable all children to have the **best outcomes**.

This policy is for all staff, parents, governors, volunteers, supply staff and contractors and the wider school community. It forms part of the child protection and safeguarding arrangements for our school and is one of a suite of policies and procedures which encompass the safeguarding responsibilities of the school. In particular, this policy should be read in conjunction with Pinner Park Primary School's:

- Staff Code of Conduct,
- Acceptable Use of IT
- Safer Recruitment Policy
- Online Safety Policy
- Behaviour Policy
- Anti-Bullying Policy
- Guidance on low-level concerns (see Staff Code of Conduct section 4.2)
- Child-on-Child Abuse Policy and procedures and Part Five of KCSiE, copies of which will be provided to all staff on induction.

The **aims** of this policy are to:

- Provide staff with a framework to **promote and safeguard the wellbeing of children** and young people, and ensure that all staff understand and meet their statutory responsibilities;
- **Ensure consistent good practice** across the school.

Pinner Park Primary School expects that all staff will have read and understood this child protection and safeguarding policy and their responsibility to implement it. **Staff** working directly with children **must**, as a minimum, have read and understand [Part One of KCSiE](#). The governing board will ensure that they and senior leaders have read and understand [Parts One and Two of KCSiE](#). The governing board will ensure that those staff who do not work directly with children have read either Part One or Annex A of KCSiE. **DSLs must** read all sections of KCSiE. All aspects of Annex B are shared in detail in weekly emails to staff and form Appendix 1 of this policy.

The governing board will ensure that arrangements are in place for all staff members to receive appropriate safeguarding and child protection **training** which is **regularly updated**. The governing board will ensure that all governors receive appropriate safeguarding and child protection training (including online) at induction which is regularly updated.

Compliance with the policy will be monitored by the Headteacher, designated safeguarding lead (DSL) and named safeguarding governor.

4. Statutory framework

Section 175 of the **Education Act 2002** (as amended) in the case of maintained schools and pupil referral units¹, places a **statutory duty** on governing boards to have **policies** and **procedures** in place that safeguard and promote the welfare of children and young people who are pupils of the school which must have regard to any guidance given by the Secretary of State.

In accordance with statutory guidance, **Working Together to Safeguard Children 2018**, local safeguarding arrangements must be established for every local authority area by the three **safeguarding partners** (Local Authority, Police and Integrated Care Boards). All three partners have equal and joint responsibility for a range of roles and statutory functions including developing local safeguarding policy and procedures and scrutinising local arrangements. In Harrow, all **schools** have been named by the **Harrow Safeguarding Children's Board** (HSCB) as relevant agencies, this means staff in schools must work in accordance with the multi-agency procedures developed by the HSCB which can be found on their website at: [HSCB](#)

5. Key roles and responsibilities

Governing Board

The governing board has a **strategic leadership responsibility** for the school's safeguarding arrangements and must ensure that they comply with their duties under legislation. The governing board has a **legal responsibility** to make sure that there are **appropriate policies and procedures in place**, which have regard to statutory guidance, in order for appropriate action to be taken in a timely manner to safeguard and promote children and young people's welfare. The governing board will also ensure that the policy is made available to parents and carers by **publishing** this on the school website or in writing if requested.

The governing board will ensure they facilitate a **whole school approach** to safeguarding. This means involving everyone in the school and ensuring safeguarding and child protection are at the forefront and underpin all relevant aspects of process and policy development, and that all systems, processes and policies are transparent, clear and easy to understand and operate with the **best interests of the child** at their heart.

The governing board will ensure that where there is a safeguarding concern, school leaders will make sure the child's wishes and feelings are taken into account when determining what action to take and what services to provide. Systems will be in place that are well promoted, easily understood and easily accessible for children to confidently report any form of abuse, knowing their **concerns will be treated seriously**, and knowing they can safely express their views and give feedback.

The governing board will ensure that Pinner Park Primary School contributes to **multi-agency working** in line with statutory guidance Working Together to Safeguard Children and that the school's safeguarding arrangements take into account the procedures and practice of the locally agreed multi-agency safeguarding arrangements in place.

The governing board will ensure that, as a minimum, **the following policies** are in place to enable appropriate action to be taken to safeguard and promote the welfare of children and young people as appropriate:

- child-on-child abuse
- online safety,
- behaviour, including measures to prevent bullying (including cyberbullying, prejudice-based and discriminatory bullying)
- special educational needs and disability
- supporting pupils in school with medical conditions
- staff code of conduct (which include the procedures that will be followed to address low-level concerns and allegations made against staff, and acceptable use of IT, including the use of mobile devices and communications, including the use of social media.) See also Appendix 5.

¹ Section 175, Education Act 2002 – for management committees of pupil referral units, this is by virtue of regulation 3 and paragraph 19A of Schedule 1 to the Education (Pupil Referral Units) (Application of Enactments) (England) Regulations 2007

- procedure for responding to children who go missing from education, particularly on repeat occasions.
- safer recruitment

It is the responsibility of the governing board to ensure that staff and volunteers are properly vetted to make sure they are safe to work with the pupils who attend our school and that the school has procedures for appropriately managing safeguarding allegations made against, or low level concerns involving, members of staff (including the headteacher, supply teachers, contractors, and volunteer helpers).

The governing board will ensure that there is a **named governor for safeguarding**, a **Designated Safeguarding Lead (DSL)** who is a senior member of the leadership team and has lead responsibility for safeguarding and child protection, and a **designated teacher** to promote the educational achievement of children who are looked after, or previously looked after, and will ensure that these people have the appropriate training.

The governing board will have regard to their obligations under the **Human Rights Act 1998** and the **Equality Act 2010** (including the Public Sector Equality Duty).²

Designated Safeguarding Lead (DSL)

The DSL will take **lead responsibility for safeguarding and child protection** (including online safety; including and understanding the filtering and monitoring systems in place). This will be made explicit in the role-holder's job description. (The broad areas of responsibility and activities related to the role of the DSL are set out in Annex C of KCSiE).

The DSL will have the appropriate status, authority, time, funding, training, resources and support they need to carry out the duties of the post effectively.

The DSL and any deputy DSLs will **provide advice and support to staff** in school and will liaise with the local authority and work with other agencies in line with Working Together to Safeguard Children.

During term time, the DSL and/or an alternate should always be available during school hours for staff to discuss any safeguarding concerns. The DSL will make arrangements for adequate and appropriate cover arrangements for any out of hours/out of term time activities.

The DSL will undergo training to provide them with the knowledge and skills to carry out the role and is expected to update their knowledge and skills at regular intervals to allow them to keep up with developments relevant to their role.

The DSL will liaise with the headteacher to inform them of issues and in particular ongoing enquiries under section 47 of the Children Act 1989 and police investigations.

Headteacher

The headteacher will **ensure** that the policies and procedures adopted by the governing body are **fully implemented** and that sufficient resources, time and training are provided to enable staff members to discharge their safeguarding responsibilities and contribute effectively to a whole school approach to safeguarding.

The headteacher will be **responsible for ensuring a culture of safety** and ongoing vigilance that fosters the belief that 'it could happen here'.

All staff

All staff have a responsibility to **provide a safe environment** in which children can learn.

All staff working directly with children must read and ensure they understand at least Part One of KCSiE. Those staff that do not work directly with children must read and ensure they understand either at least Part One or Annex A of KCSiE. At Pinner Park, this only applies to cleaning staff working after school.

² Set out in paragraphs 83-93 of KCSiE

All staff must ensure they are **familiar with the systems** within school which support safeguarding, including the child protection and safeguarding policy, the staff code of conduct, the behaviour policy, the safeguarding response to children who go missing from education, and the role of the DSL (including the identity of the DSL and any deputies). These will be explained to all staff on **induction**.

All staff should be **aware of indicators of abuse and neglect** so that they are able to identify cases of children who may be in need of help or protection. All staff should maintain a belief that **'it could happen here'** where safeguarding is concerned and if staff have any concerns about a child's welfare they must act on them immediately.

All staff should be able to reassure victims that they are being taken seriously and that they will be supported and kept safe. A victim should never be given the impression that they are creating a problem by reporting abuse, sexual violence or sexual harassment. Nor should a victim ever be made to feel ashamed for making a report.

All staff should know what to do if a child tells them he/she is being abused, neglected or exploited, and/or is otherwise at risk of involvement in criminal activity, such as knife crime, or involved in county lines drug dealing. All staff should be aware of the **process for making referrals** to children's social care and for **statutory assessments** under the Children Act 1989 that may follow a referral, especially section 17 (children in need) and section 47 (a child suffering, or likely to suffer, significant harm) along with the role they might be expected to play in such assessments.

All staff should be aware of, and understand their role within the [early help process](#) for all services, at both a Local Authority and school level. This includes providing support as soon as a problem emerges, liaising with the DSL, and sharing information with other professionals in order to support early identification and assessment, focussing on providing interventions to avoid escalation of worries and needs (see Section 12: Information Sharing). In some cases, staff may be asked to act as the lead professional in undertaking an early help assessment.

Any child may benefit from early help, but all school staff should be **particularly alert** to the potential need for early help for a child who:

- is disabled or has certain health conditions and has specific additional needs
- has special educational needs (SEN) (whether or not they have a statutory Education, Health and Care Plan)
- has a mental health need
- is a young carer
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups or county lines
- is frequently missing/goes missing from care or from home
- is at risk of modern slavery, trafficking or sexual or criminal exploitation
- is at risk of being radicalised or exploited
- has a family member in prison, or is affected by parental offending
- is in a family circumstance presenting challenges for the child, such as drug and alcohol misuse, adult mental health issues or domestic abuse
- is misusing alcohol and other drugs themselves
- has returned home to their family from care
- is at risk of 'honour'-based abuse such as Female Genital Mutilation (FGM) or forced marriage
- is a privately fostered child
- is persistently absent from education, including persistent absences for part of the school day

Knowing what to look out for is vital to the early identification of abuse and neglect and specific safeguarding issues such as child criminal exploitation and child sexual exploitation. If staff are unsure, they should always speak to the DSL (or deputy). If in exceptional circumstances the DSL (or deputy) is not available, this should not delay appropriate action being taken. Staff should consider speaking to a member of the senior leadership team and/or take advice from children's social care. In these circumstances, any action taken should be shared with the DSL as soon as is practically possible. Details of Pinner Park Primary School's safeguarding team are on the front this policy.

6. Induction and Training

The governing board will ensure that all staff receive appropriate safeguarding and child protection training (including online safety, which amongst other things includes an understanding of the expectations, applicable role and responsibilities in relation to filtering and monitoring) which is regularly updated and in line with advice from the HSCB. In addition, all staff members will receive regular safeguarding and child protection (including online safety) updates (for example, via email, e-bulletins, staff meetings) as required, but at least annually, to provide them with relevant skills and up to date knowledge of emerging and evolving safeguarding issues to safeguard children effectively.

All new staff members will undergo safeguarding and child protection training at induction. This will include training on Pinner Park Primary School's:

- safeguarding and child protection policy
- online safety, the staff code of conduct
- low-levels concerns guidance
- behaviour policy
- safeguarding response to children who are absent from education
- role of the designated safeguarding lead.

Copies of the school's policies, procedures and Part One of KCSiE (or Annex A for those cleaning staff who work after school hours and do not work directly with children) will be provided to new staff at induction.

The governing board will ensure that **safeguarding training** for staff, including online safety training, is integrated, aligned and considered as part of the whole school safeguarding approach and wider staff training and curriculum planning.

The Headteacher will ensure that an accurate record of safeguarding training undertaken by all staff is maintained and updated regularly.

In considering safeguarding training arrangements the governing board will also have regard to the **Teachers' Standards** which set out the expectation that all teachers manage behaviour effectively to ensure a good and safe educational environment, and require teachers to have a clear understanding of the needs of all pupils.

7. Recognising concerns - signs and indicators of abuse.

All staff should be aware of indicators of abuse and neglect so that staff are able to identify cases of children who may be in need of help or protection. Staff should be aware that children can be at risk of harm inside and outside of school, inside and outside of home and online. Staff should exercise **professional curiosity** and know what to look for as this is vital for the **early identification of abuse or neglect**.

All staff should be aware that abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap with one another.

All staff should consider whether children might be at risk of abuse or exploitation in situations outside their families – harms take a variety of different forms and children can be vulnerable to multiple harms including sexual abuse (including harassment and exploitation), domestic abuse in their own intimate relationships (teenage relationship abuse), criminal exploitation, serious youth violence, county lines and radicalisation.

All staff should be aware that **technology** is a significant component in many safeguarding and wellbeing issues and recognise that children are at risk of abuse and other risks online as well as face to face. In many cases abuse will take place concurrently both online and offline. Children can also abuse other children online, this can take the form of abusive, harassing, and misogynistic/misandrist messages, the non-consensual sharing of indecent images, especially around chat groups, and the sharing of abusive images and pornography, to those who do not want to receive such content.

In all cases, if staff are unsure, they should always speak to the DSL.

Indicators of abuse and neglect

Abuse is defined as a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Harm can include ill treatment that is not physical as well as the impact of witnessing ill treatment of others. This can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. They may be abused by an adult or adults or another child or children.

The following indicators listed under the categories of abuse are not an exhaustive list:

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue (also known as child-on-child abuse) in education and all staff should be aware of it and of the school's policy and procedures for dealing with it. (See section 7: Specific safeguarding issues and Pinner Park's child on child abuse policy and procedures)

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

(Source: Keeping Children Safe in Education)

8. Specific safeguarding issues

All staff should have an **awareness of safeguarding issues** that can put children at risk of harm. Behaviours linked to issues such as of drug taking and/or alcohol abuse, deliberately missing education, serious violence (including that linked to county lines) and consensual and non-consensual sharing of nudes and semi-nudes images and/or videos can be signs that children are at risk. Other safeguarding issues all staff should be aware of include:

Child-on-child abuse

All staff should be aware that children can abuse other children (often referred to as child-on-child abuse). And that it can happen **both inside and outside of school** and **online**. It is important that all staff recognise the indicators and signs of child-on-child abuse and know how to identify it and respond to reports.

All staff should understand, that even if there no reports in school it does not mean it's not happening, it may be the case that it is just not being reported. As such, it is important if staff have any concerns regarding child-on-child abuse they should speak to the DSL (or deputy) and record these using the school/college's safeguarding system. At Pinner Park Primary School, we use CPOMS to records such concerns.

It is essential that all staff understand the importance of **challenging inappropriate** behaviours between children, many of which are listed below, that are abusive in nature. Downplaying certain behaviours, for example dismissing sexual harassment as "just banter", "just having a laugh", "part of growing up" or "boys being boys" can lead to a culture of unacceptable behaviours, an unsafe environment for children and in worst case scenarios a culture that normalises abuse leading to children accepting it as normal and not coming forward to report it.

Child-on-child abuse is most likely to include, but may not be limited to:

- bullying (including cyberbullying, prejudice-based and discriminatory bullying)
- Abuse in intimate personal relationships between children (sometimes known as 'teenage relationship abuse')
- physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm (this may include an online element which facilitates, threatens and/or encourages physical abuse)
- sexual violence, such as rape, assault by penetration and sexual assault (this may include an online element which facilitates, threatens and/or encourages sexual violence)
- sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be stand-alone or part of a broader pattern of abuse.
- causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party.
- consensual and non-consensual sharing of nudes and semi nudes images and or videos³ (also known as sexting or youth produced sexual imagery)
- upskirting, which typically involves taking a picture under a person's clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm; and
- initiation/hazing type violence and rituals (this could include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group and may also include an online element)

All staff should be clear about the school's policy and procedures with regards to child-on-child abuse and the important role they have to play in preventing it and responding where they believe a child may be at risk from it. Pinner Park Primary School's anti-bullying and behaviour policies provide further information about the school's procedures and responses to abuse of this nature.

Child sexual exploitation (CSE) and Child Criminal Exploitation (CCE)

Both CSE and CCE are forms of abuse and both occur where an individual or group takes advantage of an **imbalance of power** to coerce, manipulate or deceive a child into taking part in sexual or criminal activity, in exchange for something the victim needs or wants, and/or for the financial advantage or increased status of the perpetrator or

³ [UKCIS guidance](#): Sharing nudes and semi-nudes advice for education settings.

facilitator and/or through violence or the threat of violence. CSE and CCE can affect children, both male and female and can include children who have been moved (commonly referred to as trafficking) for the purpose of exploitation.

Child Criminal Exploitation (CCE)

Some specific forms of CCE can include children being forced or manipulated into transporting drugs or money through county lines, working in cannabis factories, shoplifting or pickpocketing. They can also be forced or manipulated into committing vehicle crime or threatening/committing serious violence to others.

Children can become trapped by this type of exploitation as perpetrators can threaten victims (and their families) with violence, or entrap and coerce them into debt. They may be coerced into carrying weapons such as knives or begin to carry a knife for a sense of protection from harm from others. **As children involved in criminal exploitation often commit crimes themselves, their vulnerability as victims is not always recognised by adults and professionals** (particularly older children), and they are not treated as victims despite the harm they have experienced. They may still have been criminally exploited even if the activity appears to be something they have agreed or consented to.

It is important to note that the experience of girls who are criminally exploited can be very different to that of boys. The indicators may not be the same, however staff should be aware that girls are at risk of criminal exploitation too. It is also important to note that both boys and girls being criminally exploited may be at higher risk of sexual exploitation.

Child Sexual Exploitation (CSE)

CSE is a form of child sexual abuse. Sexual abuse may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing, and touching outside clothing. It may include non-contact activities, such as involving children in the production of sexual images, forcing children to look at sexual images or watch sexual activities, encouraging children to behave in sexually inappropriate ways or grooming a child in preparation for abuse including via the internet.

CSE can occur over time or be a one-off occurrence, and may happen without the child's immediate knowledge e.g. through others sharing videos or images of them on social media.

CSE can affect any child, who has been coerced into engaging in sexual activities. This includes 16 and 17 year olds who can legally consent to have sex. Some children may not realise they are being exploited e.g. they believe they are in a genuine romantic relationship.

Domestic Abuse

Domestic abuse can encompass a wide range of behaviours and may be a single incident or pattern of incidents. Domestic abuse can be, but is not limited to, psychological, physical, sexual, financial or emotional. Children can be victims of domestic abuse. They may see, hear, or experience the effects of abuse at home and/or suffer domestic abuse in their own intimate relationships (teenage relationship abuse). All of which can have a detrimental and long term impact on their health, well-being, development, and ability to learn.

Female Genital Mutilation (FGM)

Whilst all staff should speak to the DSL (or deputy) with regard to any concerns about FGM, there is a **specific legal duty** on teachers. If a teacher, in the course of their work in the profession, discovers that an act of FGM appears to have been carried out on a girl under the age of 18, the teacher must report this to the police.

Mental Health

All staff should be aware that mental health **problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.**

Only appropriately trained professionals should attempt to make a diagnosis of a mental health problem. Education staff, however, are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one.

Staff can access a range of advice to help them identify children in need of extra mental health support, this includes working with external agencies.

If staff have a mental health concern about a child that is also a safeguarding concern, immediate action should be taken, following the school's policy, and speaking to the DSL or a deputy.

Pinner Park Primary School has well established pathways to support children with mental health issues. Concerns can be raised by school staff, parents and carers or other professionals.

Serious violence

All staff should be aware of the indicators which may signal that children are at risk from, or involved with, serious violent crime. These may include increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in wellbeing, or signs of assault or unexplained injuries. Unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs and may be at risk of criminal exploitation.

9. Children potentially at greater risk of harm

The governing board recognises that whilst all children should be protected there are some groups of children who are **potentially at greater risk of harm** and, in some cases, these children may find it **difficult to communicate** what is happening to them.

Children in Alternative Provision

The governing board recognises that the cohort of pupils in alternative provision often have complex needs and is aware of the additional risk of harm our pupils may be vulnerable to.

The governing body have regard to the following statutory guidance:

[Alternative provision – DfE Statutory Guidance](#), and

[Education for children with health needs who cannot attend school – DfE Statutory Guidance](#)

Children who need a social worker (Child in Need and Child Protection Plans)

Children may need a social worker due to complex safeguarding or welfare needs. Children may need this help due to abuse, neglect and/or complex family circumstances. A child's experiences of adversity and trauma can leave them vulnerable to further harm, as well as educationally disadvantaged in facing barriers to attendance, learning, behaviour and mental health.

The governing board expects that the Local Authority will share the fact a child has a social worker, and the DSL will hold and use this information so that decisions can be made in the best interests of the child's safety, welfare and educational outcomes. This should be considered as a matter of routine. There are clear powers to share this information under existing duties on both LAs and school to safeguard and promote the welfare of children. Where children need a social worker, this should inform decisions about safeguarding (for example, responding to unauthorised absence or to a child missing education where there are known safeguarding risks) and about promoting welfare (for example, considering the provision of pastoral and/or academic support, alongside action by statutory services).

Children absent from education

A child being **absent from education**, particularly repeatedly, **can be a warning sign** of a range of safeguarding issues. This might include abuse or neglect, such as sexual abuse or exploitation or child criminal exploitation, or issues such as mental health problems, substance abuse, radicalisation, FGM or forced marriage.

There are many circumstances where a child may be absent or become missing from education, but some children are particularly at risk. These include children who:

- Are at risk of harm or neglect
- Are at risk of forced marriage or FGM
- Come from Gypsy, Roma, or Traveller families
- Come from the families of service personnel
- Go missing or run away from home or care

- Are supervised by the youth justice system
- Cease to attend a school
- Come from new migrant families

It is important that the **school's procedures for unauthorised absence** and for dealing with children who are absent from education are followed, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual exploitation, and to help prevent the risks of going missing in future. This includes when problems are first emerging but also where children are already known to LA children's social care and need a social worker (such as on a child in need or child protection plan, or as a looked after child), where absence from education may increase known safeguarding risks within the family or in the community. **As such, all staff should be aware of Pinner Park Primary School's unauthorised absence procedures and children missing education procedures (as set out in the school's attendance policy).**

This includes informing the LA if a child leaves the school without a new school being named and adhering to requirements with respect to sharing information with the LA, when applicable, when removing a child's name from the admission register at non-standard transition points.

Staff will be trained in signs to look out for and the individual triggers to be aware of when considering the risks of potential safeguarding concerns which may be related to being absent, such as travelling to conflict zones, FGM and forced marriage.

Elective Home Education

Many home education children have an overwhelmingly positive learning experience. **We would expect the parents' decision to home educate to be made with their child's best education at the heart of the decision.** However, this is not the case for all, and home education can mean some children are less visible to the services that are there to keep them safe and supported in line with their needs.

Where a parent/carer has expressed their intention to remove a child from school with a view to educating at home, the school will work together with the LA and other key professionals to coordinate a meeting with parents/carers where possible.

Ideally this would be before a final decision has been made to, to ensure the parents/carers have considered what is in the best interests of each child. This is particularly important where a child has SEND, is vulnerable, and/or has a social worker. **Where a child has an Education, Health and Care plan in place the LA will need to review the plan, working closely with parents and carers.**

Children requiring mental health support

Mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

The governing board will ensure there is a clear system and process in place for identifying possible mental health problems, including routes to escalate, and a clear referral and accountability system.

Staff can access further advice in a DfE guidance documents [Preventing and tackling bullying](#) and [mental health and behaviour in schools](#) which set out how staff can help prevent mental health problems by promoting resilience as part of an integrated, whole school approach to social and emotional wellbeing, which is tailored to the needs of pupils.

Pinner Park Primary School's senior mental health lead will be supported by a named member of the senior leadership team.

Looked after children and previously looked after children

The most common reason for children becoming looked after is as a result of abuse and/or neglect. The governing board will ensure staff have the skills, knowledge and understanding to keep looked after children safe.

The governing board will ensure there are arrangements in place so that appropriate staff have the information they need in relation to a child's looked after legal status (whether they are looked after under voluntary arrangements

with consent of parents, or on an interim or full care order) and the child's contact arrangements with birth parents or those with parental responsibility.

Appropriate staff will also have information about the child's care arrangements and the levels of authority delegated to the carer by the authority looking after the child. The DSL should have the details of the child's social worker and the name of the virtual school head in the authority that looks after the child.

A previously looked after child potentially remains vulnerable and all staff should have the skills, knowledge and understanding to keep previously looked after children safe. The governing board recognise that when dealing with looked after children and previously looked after children, it is important that all agencies work together and prompt action is taken when necessary to safeguard these children, who are a particularly vulnerable group.

For children who are care leavers, the DSL should have details of the LA Personal Advisor appointed to guide and support the care leaver and liaise with them as necessary regarding any issues of concern.

Children with SEN and disabilities, or health issues

Children with SEN and disabilities, or health issues, can face **additional safeguarding challenges**, both online and offline.

Staff should **avoid making assumptions** that indicators of possible abuse such as behaviour, mood and injury may relate to the child's disability or medical condition without further exploration.

Staff should also be aware that these children may be more prone to peer group isolation or bullying (including prejudice-based bullying) than other children. Similarly, staff should be aware of the potential for children with SEND or certain medical conditions being disproportionately impacted by behaviours such as bullying without outwardly showing signs or being able to communicate how they are feeling.

Staff also need to be mindful of children's cognitive understanding, for example, whether they are able to understand the difference between fact and fiction in online content and the consequences of repeating the content/behaviours in school.

As such, any reports of abuse involving children with SEND will require close liaison with the DSL and SENCO. Further information can be found in the DfE's:

- [SEND Code of Practice 0 to 25 years](#), and
- [Supporting Pupils at School with Medical Conditions](#).

Children who are lesbian, gay, bi, or trans (LGBT)

The governing board acknowledge that the fact that a child or young person may be LGBT is not in itself an inherent risk factor for harm. However, children who are LGBT can be targeted by other children. In some cases, a child who is perceived to be LGBT (whether they are or not) can be just as vulnerable as children who identify as LGBT.

Risks can be compounded where children who are LGBT lack a trusted adult with whom they can be open. Staff should therefore endeavour to reduce the additional barriers faced and provide a safe space for them to speak out or share their concerns with members of staff.

10. Curriculum

The governing board will ensure that children and young people are **taught about how to keep themselves and others safe, including online**.

The governing board recognise that effective education should be tailored to the specific needs and vulnerabilities of individual children, including children who are victims of abuse, and children with SEND.

Relevant topics will be included within Relationships Education and through Health Education, having regard to statutory guidance.

Preventative education is most effective in the context of a whole-school approach that prepares children and young people for life in modern Britain and creates a culture of zero tolerance for sexism, misogyny/misandry, homophobia, biphobic and sexual violence/harassment.

The governing board expect that the school's values and standards should be upheld and demonstrated throughout all aspects of school life. These will be underpinned by the school's behaviour policy and pastoral support system, as well as by a **planned programme of evidence-based RSHE** delivered in **regularly** timetabled lessons and reinforced throughout the whole curriculum. This whole-school approach will be fully inclusive and developed to be age and stage of development appropriate, and will tackle (in age-appropriate stages) issues such as:

- Healthy and respectful relationships
- Boundaries and consent
- Stereotyping, prejudice and equality
- Body confidence and self-esteem
- How to recognise and abusive relationship, including coercive and controlling behaviour
- The concepts of, and laws relating to – sexual consent, sexual exploitation, abuse, grooming, coercion, harassment, rape, domestic abuse, so called honour-based violence such as forced marriage and FGM, and how to access support, and
- What constitutes sexual harassment and sexual violence and why these are always unacceptable.

The school will ensure that there are appropriate filters and monitoring systems in place to safeguard children and young people from potentially harmful and inappropriate online material.

11. Online safety and filtering and monitoring

The **use of technology** has become a significant component of many safeguarding issues such as child sexual exploitation, radicalisation and sexual predation and technology often provides the platform that facilitates such harm.

The governing board has had due regard to the additional information and support set out in KCSiE and ensures that the school has a whole school approach to online safety, and has a clear policy on use of communications technology in school. Online safety will be a running and interrelated theme when devising and implementing policies and procedures. This will include considering how online safety is reflected in all relevant policies and whilst planning the curriculum, any teacher training, the role of the DSL and any parental engagement.

It is essential that children are safeguarded from potentially harmful and inappropriate online material. The school adopts a whole school approach to online safety to protect and educate pupils and staff in their use of technology, and establishes mechanisms to identify, intervene in, and escalate any concerns as appropriate.

Online safety issues can be categorised into four areas of risk:

- **Content:** being exposed to illegal, inappropriate or harmful content, for example, pornography, fake news, racism, misogyny, self-harm, suicide, anti-Semitism, or radicalisation or extremism;
- **Contact:** being exposed to harmful online interaction with other users, for example, peer to peer pressure, commercial advertising, and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes;
- **Conduct:** online behaviour that increases the likelihood of, or causes, harm, for example, making, sending and receiving explicit images (e.g. consensual and non-consensual sharing of nudes and semi-nudes and/or pornography, sharing other explicit images, and online bullying); and
- **Commerce:** risks such as online gambling, inappropriate advertising, phishing and/or financial scams. If staff feel that either they or pupils are at risk this should be reported to the Anti-Phishing Working Group (<https://apwg.org/>).

The governing board will ensure that an annual review is undertaken of the school's approach to online safety including the school's filtering and monitoring provision, supported by an annual risk assessment that considers and reflects the risks pupils face online. The review should include a member of the senior leadership team, the DSL, the IT service provider and a governor. The school should ensure they have the appropriate level of security protection

procedures in place in order to safeguard their systems, staff and learners and review the effectiveness of these procedures periodically to keep up with evolving cyber-crime technologies. Guidance on cyber security including considerations can be found at [Cyber security training for school staff - NCSC.GOV.UK](https://www.ncsc.gov.uk/infrastructure/cyber-security-training-for-school-staff)

The school's online safety policy outlines the appropriate filtering and monitoring which take places on school devices and school networks. It also outlines the expectations, applicable roles and responsibilities in relation filtering and monitoring.

School staff can access resources, information and support as set out in Annex B of KCSiE.

At Pinner Park, children are not allowed to use mobile phones on the school site. Year 6 children, who may bring a phone, will hand it in at the beginning of each day and collect it at the end from a member of school staff. An e-safety presentation and discussion for Y5 and & 6 pupils, to which all parents are invited, takes place at the start of each year and places an emphasis on the safe use of mobile devices.

12. Procedures

If staff notice any indicators of abuse/neglect or signs that a child or young person may be experiencing a safeguarding issue, s/he must inform the DSL or one of the deputy DSLs immediately. They must record information regarding the concerns on the same day. At Pinner Park, we use CPOMS to record safeguarding concerns (Child Protection Online Management System). The written record via CPOMS must be a clear, precise, factual account of the observations or what has been said. For some roles, a paper record of concern will be completed, if using CPOMS would be a barrier to informing a DSL of the disclosure. Volunteers also have access to the paper records of concern forms. (See Appendix 3).

What to do if you are concerned

If a child makes an allegation or disclosure of abuse against an adult or other child or young person, it is important that you:

- Stay calm and listen carefully;
- Accept what is being said;
- Allow the child/young person to talk freely – do not interrupt or put words in the child/young person's mouth;
- Only ask questions when necessary to clarify, do not investigate or ask leading questions;
- Reassure the child, but don't make promises which it might not be possible to keep;
- Do not promise confidentiality;
- Emphasise that it was the right thing to tell someone;
- Reassure them that what has happened is not their fault;
- Do not criticise the perpetrator;
- Explain what has to be done next and who has to be told;
- Make a record using CPOMS (unless your role means you have been asked to complete a written record);
- Do not include your opinion;
- Pass the information to the DSL or alternate without delay;
- Consider seeking support for yourself and discuss this with the DSL as dealing with a disclosure can be distressing.

When a record of a safeguarding concern is passed to the DSL, the DSL will assess the concern and, taking into account any other safeguarding information known about the child/young person, consider whether it suggests that the threshold of significant harm, or risk of significant harm, has been reached or may be a child in need. If the DSL is unsure whether the threshold has been met, they will contact the MASH Golden Number for advice (0208 901 2690).

Where appropriate, the DSL will complete and submit the MASH referral form [MASH-referral-2022.docx \(live.com\)](#)

Where the DSL believes that a child or young person may be at imminent and significant risk of harm they should call The Golden Number immediately and then complete the MASH Referral.

Where a safeguarding concern does not meet the threshold for completion of a MASH Referral, the DSL should record how this decision has been reached and should consider whether additional needs of the child have been identified that might be met by a coordinated offer of early help both within school and via Harrow Children's Services.

School staff might be required to contribute to multi-agency plans to provide additional support to children. This might include attendance at child protection conferences or core group meetings. The school is committed to providing as much relevant up to date information about the child as possible, including submitting reports for child protection conferences in advance of the meeting in accordance with HSCB procedures and timescales.

Where reasonably possible, the school is committed to obtaining more than one emergency contact number for each pupil.

School staff must ensure that they are aware of the procedure to follow when a child goes missing from education as set out in the school attendance policy and Harrow guidance.

13. Information sharing, record keeping and confidentiality

Information sharing is vital in safeguarding children by identifying and tackling all forms of abuse and neglect, and in promoting children's welfare, including in relation to their educational outcomes. Schools have clear powers to share, hold and use information for these purposes.

As part of meeting a child's needs, the school understands that it is critical to recognise the importance of information sharing between professionals and local agencies and will contribute to multi-agency working in line with Working Together to Safeguard Children. Where there are concerns about the safety of a child, the sharing of information in a timely and effective manner between organisations can reduce the risk of harm. Whilst the Data Protection Act 2018 places duties on organisations and individuals to process personal information fairly and lawfully, and to keep the information they hold safe and secure, it is not a barrier to sharing information where the failure to do so would result in a child or vulnerable adult being placed at risk of harm. Similarly, human rights concerns, such as respecting the right to a private and family life would not prevent sharing where there are real safeguarding concerns. Staff should not assume a colleague or another professional will take action and share information that might be critical in keeping children safe. Staff will have regard to the Government guidance: [Information sharing: advice for practitioners providing safeguarding services to children, young people, parents and carers](#) which supports staff who have to make decisions about sharing information. This advice includes the seven golden rules for sharing information and considerations with regard to the Data Protection Act 2018 and General Data Protection Regulation (GDPR). If in any doubt about sharing information, staff should speak to the DSL or a deputy.

Well-kept records are essential to good child protection practice. All concerns, discussions and decisions made and the reasons for those decisions should be recorded in writing. If in doubt about recording requirements, staff should discuss with the DSL.

The school recognises that confidentiality should be maintained in respect of all matters relating to child protection. Information on individual child protection cases may be shared by the DSL or alternate DSL with other relevant members of staff. This will be on a 'need to know' basis and where it is in the child's best interests to do so. A member of staff must never guarantee confidentiality to anyone about a safeguarding concern (including parents/carers or pupils), or promise a child to keep a secret which might compromise the child's safety or wellbeing.

As well as allowing for information sharing, in circumstances where it is warranted because it would put a child at risk of serious harm, the DPA 2018 and the GDPR allow schools to withhold information. This may be particularly relevant where a child is affected by domestic abuse perpetrated by a parent or carer, is in a refuge or another form of emergency accommodation, and the serious harm tests is met.

Ordinarily, the school will always undertake to share its intention to refer a child to Social Care with their parents /carers unless to do so could put the child at greater risk of harm, or impede a criminal investigation. It would be

legitimate to share information without consent where: it is not possible to gain consent; it cannot reasonably be expected that a practitioner gains consent; and, if to gain consent would put a child at risk. If in doubt, staff will consult with the MASH Professional Consultation Line on this point.

The school will have regard to the HSCB Guidance on the Transfer of a Child Protection /or Safeguarding File to another Education Setting. Where a child leaves the school, the DSL will ensure their child protection file is transferred to the new school as soon as possible (within 5 days for an in-year transfer or within the first 5 days of the start of a new term). The file will be transferred separately from the main pupil file, ensuring secure transit, and confirmation of receipt should be obtained.

14. Managing allegations made against teachers, including supply teachers, other staff, volunteers and contractors

An allegation that may meet the harm threshold is any information which indicates that a member of staff/volunteer may have:

- behaved in a way that has harmed a child, or may have harmed a child;
- possibly committed a criminal offence against or related to a child; or
- behaved towards a child or children in a way that indicates he/she may pose a risk of harm to children; and/or
- behaved or may have behaved in a way that indicates they may not be suitable to work with children.

This applies to any child the member of staff, supply teacher, volunteer or contractor has contact with in their personal, professional or community life. It also applies regardless of whether the alleged abuse took place in our school.

Concerns that do not meet the harm threshold will be dealt with in accordance with the school's procedures for managing low-level concerns. (See Pinner Park Primary School staff code of conduct and discipline policy and procedures).

If any member of staff has concerns that a colleague, supply teacher, volunteer or contractor might pose a risk to children, it is their duty to report these to the headteacher without delay. Where the concerns or allegations are about the headteacher, these should be referred to the Chair of Governors.

The headteacher/Chair of Governors should report the concern to the Local Authority Designated Officer (LADO) within one working day. The referral should be made via MASH using the MASH referral form.

15. Physical Intervention/ Positive Intervention

Our school's policy on physical intervention and positive handling by staff is set out separately. It complies with the [DfE's guidance on use of reasonable force](#). This policy states that staff may only use reasonable force, meaning no more force than is needed to prevent pupils from hurting themselves or others, from damaging property, or from causing disorder. It is always unlawful to use force as a punishment.

Headteachers and other authorised trained staff can use such force/restraint as is reasonable in the circumstances to conduct a search for the following prohibited items: knives and weapons, alcohol, illegal drugs, stolen items, cigarettes and tobacco, fireworks, pornographic images, mobile phones or any article that has been or is likely to be used to commit an offence, cause personal injury or damage property.

Where the use of force is necessary, plans and reasonable adjustments should be made for disabled children and children with special educational needs.

Any use of force or restraint must be recorded and signed by a witness. The parent/carer will be informed of the incident.

16. Use of school premises for non-school activities

The governing board will ensure that where school facilities/premises are hired or rented out to organisations or individuals, sports associations or service providers to run community or extra-curricular activities appropriate arrangements are in place to keep children safe.

The governing board will seek assurance that the body concerned has appropriate child protection and safeguarding policies and procedures in place, including inspecting these as needed. Arrangements will also be put in place for the body hiring or renting the school facilities or premises to liaise with the school on these matters where appropriate. These arrangements will apply regardless of whether or not the children who attend any of these services or activities are children on the school roll.

Where a lease or hire agreement is entered into the governing board will ensure safeguarding requirements are included as a condition of use and occupation of the premises; this will make clear that any failure to comply would lead to termination of the agreement. The guidance on [keeping children safe in out-of-school settings](#) details the safeguarding arrangements that schools and colleges should expect these providers to have in place.

17. Whistleblowing

The governing body/proprietor recognises that children cannot be expected to raise concerns in an environment where staff fail to do so. All staff and volunteers should feel able to raise concerns about poor or unsafe practice and potential failures in the school's safeguarding regime and know that such concerns will be taken seriously by the senior leadership team.

Whistleblowing is 'making a disclosure in the public interest' and occurs when a worker (or member of the wider school community) raises a concern about danger or illegality that affects others, for example, pupils in the school or members of the public.

The governing board would wish for everyone in the school community to feel able to report any child protection/safeguarding concerns through existing procedures within school, including the whistleblowing policy adopted by governing board where necessary. However, for members of staff who do not feel able to raise such concerns internally, there is a NSPCC whistleblowing helpline. Staff can call 0800 028 0285 (line available from 8.00am to 8.00pm, Monday to Friday) or email: help@nspcc.org.uk

18. Useful Contacts:

Appendix 1

Further Information – Safeguarding Children in Specific Circumstances

a) Child abduction and community safety incidents

Child abduction is the unauthorised removal or retention of a minor from a parent or anyone with legal responsibility for the child. Child abduction can be committed by parents or other family members; by people known but not related to the victim (such as neighbours, friends and acquaintances); and by strangers. There may also be community safety incidents within the vicinity of the school which can raise concerns amongst children and parents. Opportunities for students to develop their confidence and abilities around keeping themselves are embedded into the school curriculum.

b) Children and the court system

Guidance is available for when children are required to give evidence in **criminal courts** [5-11 year olds](#) and [12-17 year olds](#).

Making arrangements for children via the **family courts** following separation can be stressful and entrench conflict in families. The Ministry of Justice has launched useful online guidance [Get help with child arrangements](#) (also known as contact, access or custody).

c) Children with Disabilities or Special Educational Needs

Our school is committed to ensure that children with disabilities or special educational needs have exactly the same human rights to be safe from abuse and neglect, to be protected from harm and achieve the same outcomes as non-disabled children. We recognise that disabled children do however require additional action because they can experience greater vulnerability as a result of negative attitudes and because they may have additional needs relating to physical, sensory, cognitive and/or communication impairments.

This understanding is incorporated into our staff training, so that we all remain vigilant to identifying the additional vulnerabilities for these children in our care and provide the appropriate level and type of pastoral support.

d) Children missing from education

A child going missing from education, particularly repeatedly, is a potential indicator of abuse or neglect and such children are at risk of being victims of harm, exploitation or radicalisation.

The school will fulfil its statutory duty in notifying the local authority when removing a pupil's name from the admission's register outside of the normal transition points. We will make reasonable enquiries to establish the whereabouts of the child jointly with the local authority before deleting their name from the register. We will also notify the local authority within five days of adding a pupil's name at a non-standard transition point.

When one of our pupils goes missing from home or care we will contribute to the police and local authority's efforts to identify and locate the child by completing the [Grab Pack for a Missing Children](#). For further guidance see [Children missing education](#)

e) Children with a family member in prison

These children are at risk of poor outcomes including poverty, stigma, isolation and poor mental health. [NICCO](#) (National Information Centre on Children of Offenders) provides information to support professionals working with offenders and their children, to help mitigate negative consequence for those children.

f) Child Sexual Exploitation and Child Criminal Exploitation

Child Sexual Exploitation and Child Criminal Exploitation are forms of abuse and both occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual or criminal activity. In some cases, the abuse will be in exchange for something the victim needs or wants, and/or will be to the financial benefit or increased status of the perpetrator or facilitator.

Child Sexual Exploitation and Child Criminal Exploitation does not always involve physical contact; it can also occur through the use of technology. Like all forms of abuse exploitation:

- can affect any child or young person (male or female) under the age of 18 years, including 16 and 17 year olds who can legally consent to have sex;
- can still be abuse even if the sexual activity appears consensual;
- can include both contact (penetrative and non-penetrative acts) and non-contact sexual activity;
- can take place in person or via technology, or a combination of both;
- can involve force and/or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence;
- may occur without the child or young person's immediate knowledge (e.g. through others copying videos or images they have created and posting on social media);
- can be perpetrated by individuals or groups, males or females, and children or adults. The abuse can be a one-off occurrence or a series of incidents over time, and range from opportunistic to complex organised abuse; and
- is typified by some form of power imbalance in favour of those perpetrating the abuse.

Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, sexual identity, cognitive ability, physical strength, status, and access to economic or other resources.

Some of the following signs may be indicators of Child Criminal Exploitation:

- children who appear with unexplained gifts or new possessions;
- children who associate with other young people involved in exploitation;
- children who suffer from changes in emotional well-being;
- children who misuse drugs and alcohol;
- children who go missing for periods of time or regularly come home late; and
- children who regularly miss school or education or do not take part in education.

The above Child Criminal Exploitation indicators can also be indicators of Child Sexual Exploitation, as can:

- children who have older boyfriends or girlfriends;
- children who suffer from sexually transmitted infections or become pregnant;

Our school will support the multi-agency activity to combat these crimes and help to divert and support any young pupils affected by CSE and CCE. We will follow the HSCB protocol for identifying and managing cases of CSE and/or CCE and promote the use of the HSCB's [SAFEGUARD Identification Tool](#) Identification tool in our child protection training. Also see section 'Child on Child Sexual Violence and Sexual Harassment.

g) Serious violence

Schools are increasingly recognised as places where early warning signs can be spotted that younger children may be at risk of getting involved in serious violent crime. Crucial preventive work can be done at this stage to prevent negative behaviour from escalating and becoming entrenched. We recognise that even low levels of youth violence can have a disproportionate impact on a pupil or the wider school/community environment. We will therefore, support children in developing safeguarding skills to prevent involvement in risky behaviours, and where serious concerns arise we will work collaboratively with our partner agencies to help prevent escalation of harm.

For further information refer to government guidance [advice to schools on gangs and youth violence](#) and [Preventing serious violence: a multi-agency approach](#).

Support for young people affected by gang association can be obtained via [London gang exit](#)

h) County Lines

This is a geographically widespread form of criminal activity involving drug networks or gangs that groom and exploit children and young people to carry drugs and money from urban areas to suburban and rural or seaside areas. Missing episodes can be an important identifying factor, where the victim may have been trafficked for these purposes. In close working relationship with our local MASH a referral to the **National Referral Mechanism** will be considered for any such concerns.

i) Cybercrime

Cybercrime is a criminal activity committed using computers and/or the internet. Children with particular skill and interest in computing and technology may inadvertently or deliberately stray into cybercrime. If there are concerns about a student in this area then the DSL will consider referring them to the [Cyber Choices](#) programme.

j) Domestic Abuse

Our school recognises the immediate and long term impact of domestic abuse on a child's development and emotional wellbeing. All staff will remain vigilant to identifying the signs so that early help and protective action can be instigated where appropriate. We endeavour to provide the child with a safe and caring environment at school to help mitigate the impact of home-life stresses.

Any notifications received from the police/MASH of domestic abuse incidents, will be promptly reviewed by our DSL. This will enable our school to respond appropriately to the impact on the child/young person and to share any additional information with MASH to assist in the overall identification and assessment of risk.

k) So-called 'honour-based' abuse (HBA)

So-called 'honour-based' abuse (HBA) encompasses incidents or crimes which have been committed to protect or defend the honour of the family and/or the community, including female genital mutilation (FGM), forced marriage, and practices such as breast ironing. Abuse committed in the context of preserving "honour" often involves a wider network of family or community pressure and can include multiple perpetrators. It is important to be aware of this dynamic and additional risk factors when deciding what form of safeguarding action to take. All forms of HBA are abuse (regardless of the motivation) and should be handled and escalated as such. Professionals in all agencies, and individuals and groups in relevant communities, need to be alert to the possibility of a child being at risk of HBA, or already having suffered HBA.

l) Female Genital Mutilation (FGM)

In our school we recognise that whilst there is not necessarily an intention to harm a girl through FGM, the practice has serious short and long term medical and psychological implications. We are committed to work with families, partner agencies to promote understanding and safeguard pupils who may be at risk of this practice.

We aim to work sensitively with community groups where this may be a cultural belief and practice, however we will act to safeguard and promote our pupils welfare where required and will fulfil our duties under the *Female Genital Mutilation Act 2003* (as inserted by section 74 of the *Serious Crime Act 2015*). This places a statutory duty upon teachers along with regulated health and social care professionals to report to the police where they discover that FGM appears to have been carried out on a girl under 18 years.

Information on when and how to make a report can be found in the government's [mandatory reporting procedure on FGM](#) guidance. Click here for [Factsheet](#) on the Serious Crime Act 2015: FGM amendments to the 2003 Act.

m) Forced Marriage

A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats or any other form of coercion is used to cause a person to enter into a marriage. A lack of consent can be where a person does not consent or where they cannot consent e.g. if they have learning disabilities. There can also be links to so called 'Honour Based Violence'.

Our school recognises that it has an important role in safeguarding children from forced marriage by educating pupils about the law and their rights and in identifying signs of risk. The Forced Marriage Unit has published [multi-agency statutory guidance](#) with pages 32-36 focusing on the role of schools and colleges. The Unit can be contacted for advice or information on 020 7008 0151 or email: fmufco.gov.uk

n) Homelessness

Our staff will alert the DSL of families becoming or at risk of becoming homeless, so that the DSL can refer to housing services at the earliest opportunity. Indicators for the risk of homelessness can include debt, rent arrears, domestic abuse and anti-social behaviour, as well as the family being asked to leave a property. Duties introduced under *The Homelessness Reduction Act 2017* shift focus to early intervention, for further information see: [Homeless Reduction Act Factsheets](#).

o) Preventing Radicalisation

Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism. It can happen in many different ways and settings. The School and its staff have a duty to have due regard to the need to prevent people from being drawn into terrorism (the Prevent duty). [Protecting children from radicalisation: the Prevent Duty](#) provides guidance for schools and childcare providers on preventing children and young people from being drawn into terrorism.

All staff are encouraged to familiarise themselves with the government's website www.educateagainsthate.com. The website is designed to equip school leaders, teachers and parents with the information, tools and resources they need to recognise and address extremism and radicalisation in young people.

The School has a risk assessment process in place for considering and protecting children at risk of radicalisation and extremism. The risk assessment takes into consideration that the internet and use of social media have become major factors in the radicalisation of young people and our school's E-safety policy and curriculum embeds understanding of these particular risks.

Our school will help to identify young people at risk and work with local partnership arrangements including the **Channel Programme** to help support and divert any young people from associated harm: Click here for further guidance [Channel Duty Guidance](#)

p) Private Fostering

We recognise the importance of identifying children in Private Fostering arrangements so that their needs can be fully assessed by the local authority. At Pinner Park we will confirm the status of every pupil's care arrangements on admission (or when a pupil's care arrangements change) and notify the local authority of any known or suspected Private Fostering arrangement. We will support any subsequent assessment and remain alert to any additional needs that children placed away from their immediate families might face. See links for information on what constitutes [private fostering](#) and details of [The Children's Act 1989: private fostering](#).

q) Substance Misuse

We recognise the clear role our school has to play in preventing drug misuse as part of our pastoral responsibilities. We will provide age appropriate information on drugs and alcohol and tackle problem behaviour, working with local partners to prevent drug or alcohol misuse. For further guidance refer to [DfE and ACPO Drug Advice for schools](#). (ACPO has changed to the National Police Chiefs' Council).

Parental Substance Misuse: Substance misuse (drugs or alcohol) may impact on parental capacity and can significantly exacerbate other concerns such as domestic violence or mental health issues. We will remain vigilant in identifying and supporting pupils and their families facing such issues, and work in collaboration with other agencies where necessary to prevent significant harm.

r) Mental Health

Our school seeks to promote positive mental health in our pupils and to identify and address those with less severe problems at an early stage and build their resilience. We are also committed to identifying and supporting pupils with more severe needs and to help make appropriate referrals to specialist agencies such as Child and Adolescent Mental Health Services (CAMHS) where necessary.

All staff should be aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

Only appropriately trained professionals should attempt to make a diagnosis of a mental health problem. Staff however, are well placed to observe pupils day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one.

Where children have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescence and into adulthood. It is key that staff are aware of how these children's experiences, can impact on their mental health, behaviour and education.

If staff have a mental health concern about a child that is also a safeguarding concern, they must immediately speak to the DSL or a deputy DSL.

Parental Mental Health: We recognise that some parents with mental health issues may experience difficulties at times with their parenting responsibilities. We are committed to supporting such families and will endeavour to identify those who would benefit from early help from local services and work with them to avoid any adverse impact on their children. For further guidance refer to [Parental mental health](#).

s) Trafficking and Modern Day Slavery

Our school will remain alert for children trafficked into the country who may be registered at our school for a term or longer, before being moved to another part of the UK or abroad. We will bear in mind that not all children who go missing from education have been victims of trafficking. For example, there may be instances of children from communities that move around – Gypsy, Roma, Traveller or migrant families – who collectively go missing from school. For further government guidance refer to [Safeguarding Children who may have been trafficked practice guidance](#).

t) Young carers

With so many adult responsibilities, young carers often miss out on opportunities that other children and young people have to play and learn. We at **Pinner Park Primary** are uniquely placed to identify and respond to concerns and 'triggers' where children and young people may require additional help as carers. We will aim to respond early with our own pastoral support and where appropriate seeking help from local authority support services for young carers.

Appendix 2 – Role Description for Designated Safeguarding Lead

The Governing Body appoints an appropriate **senior member** of staff, from the school's **leadership team**, to the role of designated safeguarding lead (DSL).

This person has the appropriate status and authority within the school to carry out the duties of the post. They are given the time, funding, training, resources and support to provide advice and support to other staff on child welfare and child protection matters, to take part in strategy discussions, inter-agency meetings, contribute to the assessments of children – and/or to support other staff to do so.

All deputies are trained to the same standard as the DSL, but the ultimate lead responsibility for child protection remains with the DSL.

Managing referrals

The designated safeguarding lead is expected to:

- refer cases of suspected abuse to the local authority children's social care as required;
- support staff who make referrals to local authority children's social care;
- refer cases to the Channel programme where there is a radicalisation concern as required;
- support staff who make referrals to the Channel programme;
- refer cases where a person is dismissed or has left due to risk/harm to a child to the Disclosure and Barring Service as required;
- refer cases where a crime may have been committed to the Police as required.

Working with others

The designated safeguarding lead is expected to:

- act as a point of contact with the three safeguarding partners (Local Authority, Police and Clinical Commissioning Group (CCG));
- liaise with the headteacher to inform him or her of issues especially ongoing enquiries under *section 47* of the *Children Act 1989* and police investigations;
- liaise with staff (especially pastoral support staff, school nurses, IT Technicians, and SENCOs or the named person with oversight for SEN in a college) on matters of safety and safeguarding (including online and digital safety) and when deciding whether to make a referral by liaising with relevant agencies.
- act as a source of support, advice and expertise for staff.

Training

The designated safeguarding lead (and any deputies) undergo training to provide them with the knowledge and skills required to carry out the role. This training is updated at least every two years. The designated safeguarding lead undertakes Prevent awareness training.

In addition to the formal training set out above, their knowledge and skills should be refreshed (this might be via e-bulletins, meeting other designated safeguarding leads, or simply taking time to read and digest safeguarding developments) at regular intervals, as required, and at least annually, to allow them to understand and keep up with any developments relevant to their role so they:

- understand the assessment process for providing early help and statutory intervention, including local criteria for action and local authority children's social care referral arrangements;
- have a working knowledge of how local authorities conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so;

- ensure each member of staff has access to and understands the school’s safeguarding and child protection policy and procedures, especially new and part time staff;
- are alert to the specific needs of children in need, those with special educational needs and young carers;
- understand relevant data protection legislation and regulations, especially the *Data Protection Act 2018* and the *General Data Protection Regulation (GDPR)*;
- understand the importance of information sharing, both within the school and with the three safeguarding partners, other agencies, organisations and practitioner’s;
- are able to keep detailed, accurate, secure written records of concerns and referrals;
- understand and support the school with regards to the requirements of the *Prevent* duty and are able to provide advice and support to staff on protecting children from the risk of radicalisation;
- are able to understand the unique risks associated with online safety and be confident that they have the relevant knowledge and up-to-date capability required to keep children safe whilst they are online at school, including knowledge of filtering and monitoring systems in place;
- can recognise the additional risks that children with SEN and disabilities (SEND) face online, for example, from online bullying, grooming and radicalisation and are confident they have the capability to support SEND children to stay safe online;
- obtain access to resources and attend any relevant or refresher training courses; and
- encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, in any measures the school may put in place to protect them.

Raising Awareness

The designated safeguarding lead should:

- ensure the school’s child protection policies are known, understood and used appropriately;
- ensure the school’s safeguarding policy is reviewed annually (as a minimum) and the procedures and implementation are updated and reviewed regularly, and work with governing bodies or proprietors regarding this;
- ensure the safeguarding and child protection policy is available publicly and parents are aware of the fact that referrals about suspected abuse or neglect may be made and the role of the school or college in this; and
- link with the safeguarding partner arrangements to make sure staff are aware of training opportunities and the latest local policies on safeguarding.
- help promote educational outcomes by sharing the information about the welfare, safeguarding and child protection issues that children, including children with a social worker, are experiencing, or have experienced, with teachers and school and college leadership staff. Their role could include ensuring that the school or college, and their staff, know who these children are, understand their academic progress and attainment and maintain a culture of high aspirations for this cohort; supporting teaching staff to identify the challenges that children in this group might face and the additional academic support and adjustments that they could make to best support these children.

Transfer of child protection files

When a child transfers to another school, the DSL should inform the receiving school within five school days that a child protection/ safeguarding file exists. The receiving school should routinely ask the previous school if a child protection/safeguarding file exists, for all transfers. The original child protection/safeguarding file must be passed on either by hand or sent recorded delivery, separate from the child’s main school file, within five school days from notification. Care must be taken to ensure confidentiality is maintained and the transfer process is as safe as possible. Parents should not be used as couriers for such files. See [Guidance on the transfer of a child protection file to another educational setting](#).

In addition to the child protection file, the designated safeguarding lead should also consider if it would be appropriate to share any information with the new school or college in advance of a child leaving. For example, information that would allow the new school or college to continue supporting victims of abuse and have that support in place for when the child arrives.

Availability

During term time the DSL or deputy should always be available (during school hours) for staff to discuss any safeguarding concerns. Generally speaking the DSL or deputy would be expected to be available in person, the school, working with the DSL, will define what “available” means and whether, in exceptional circumstances, availability via phone and or other such media is acceptable.

The schools and the DSL arrange adequate and appropriate cover arrangements for any out of hours/our of term activities.

Appendix 3

**Record of concern about a child/young person’s safety and welfare – to be used if CPOMS is unavailable.
Copies are kept in the SMSAs folders and the office.**

Part 1 (for use by any staff – must be handwritten and legible / or equivalent information shared on electronic recording system)

Pupil’s name:		Date of birth:	Class/Form:
Date & time of incident:		Date & time (of writing):	
Name (print): Job title:			
Signature:			
Record the following factually: Nature of concern, e.g. disclosure, change in behaviour, demeanour, appearance, injury, witnesses etc. <i>(please include as much detail in this section as possible. Remember – the quality of your information will inform the level of intervention initiated. Attach additional sheets if necessary.</i>			
What is the pupil’s perspective?			
Professional opinion, where relevant <i>(how and why might this have happened?)</i>			
Any other relevant information. Previous concerns etc. <i>(distinguish between fact and opinion)</i>			
Note actions, including names of anyone to whom your information was passed and when			

Please pass this form to your DSL without delay

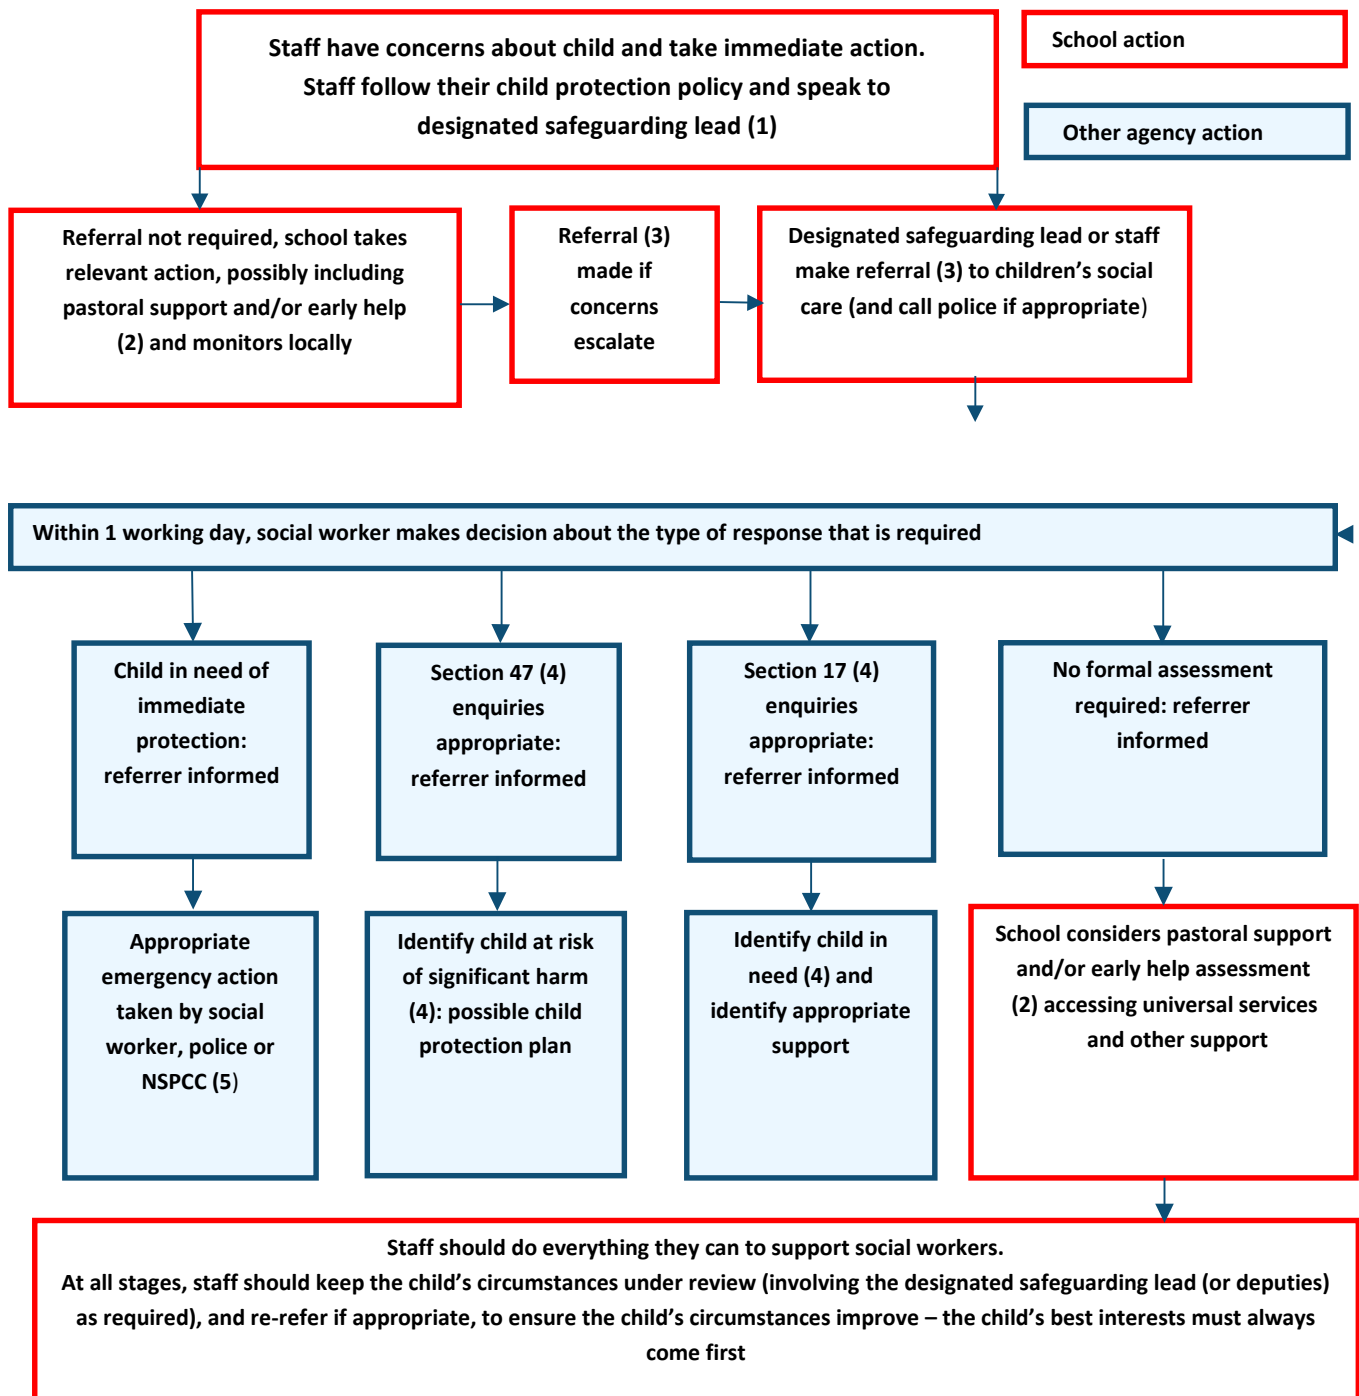

Record of concern about a child/young person's safety and welfare

Part 2 (for use by DSL)

Information received by DSL:	Date:	Time completed:	From whom:		
Any advice sought , if applicable	Date:	Time completed:	From: name/organisation:		
	Advice received:				
Action taken with reasons recorded <i>(e.g. MASH Referral completed, monitoring advice given to appropriate staff, CAF etc)</i>	Date:	Time completed:	By whom:		
Outcome	Date:	Time completed:	By whom:		
Parent/carer informed?	Y	Who spoken to:	Date:	Time:	By whom:
	N	Detail reason:			
Is any additional detail held, if so where?					
Prior safeguarding history	No. of previous records of concern:				
	Has the child been subject of CAF/Early Help assessment?				
	Currently on CP Plan (CPP) / Child in Need Plan (CiN)				
	Previously on CP Plan (CPP) / Child in Need Plan (CiN)				
	Is child known to other agencies?		Y / N		
Name of DSL:			Signature:		

Appendix 4

Actions where there are concerns about a child

Appendix 5

Low-level concerns

The School strives to embed a culture of openness and transparency in which the School's values and expected behaviour, as set out in the Code of Conduct for Staff, are constantly reinforced by all staff.

All staff should feel enabled to share any concerns about their own or another member of staff's behaviour, with the appropriate member of staff as set out below.

The distinction between an allegation and a low-level concern

The term 'allegation' (in this context) means that it is alleged that an adult who works with children has:

- behaved in a way that has harmed a child, or may have harmed a child and/or;
- possibly committed a criminal offence against or related to a child and/or;
- behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children; and/or
- behaved or may have behaved in a way that indicates they may not be suitable to work with children (this includes behaviour that may have happened outside of School that might make an individual unsuitable to work with children)

A low-level concern is any concern about an adult's behaviour towards a child that does not meet the allegation threshold set out above, or is not otherwise serious enough to consider a referral to the LADO.

A low-level concern is any concern, no matter how small, and even if no more than a 'nagging doubt' that an adult may have acted in a manner which:

- is not consistent with the Code of Conduct for Staff, and/or
- relates to their conduct outside of work which, even if not linked to a particular act or omission, has caused a sense of unease about that adult's suitability to work with children.

Examples of such behaviour could include, but are not limited to, being over friendly with children, having favourites, taking photographs of children on their personal devices, engaging with a child on a one-to-one basis in a secluded area or behind a closed door, using inappropriate sexualised, intimidating or offensive language etc.

Staff are not expected to determine whether their concern is a low-level concern, serious enough to consider a referral to the LADO, or meets the threshold of an allegation. Once staff share what they believe to be a low-level concern, that determination will be made by the Headteacher.

How to share low-level concerns

It is important that low-level concerns are shared with the Headteacher as soon as reasonably possible and, in any event, within 24 hours of becoming aware of the concern and relevant incident(s).

Concerns can be shared verbally in the first instance, or in writing. The context in which the low-level concern arose and details which are chronological, precise and accurate as possible of the concern and relevant incident(s) must be provided.

Where details of the low-level concern is provided verbally, the Headteacher will make an appropriate record of the conversation, either contemporaneously or immediately following the discussion. The Headteacher will check the accuracy of the record with the member of staff who raised the concern.

Low-level concerns will be treated in confidence as far as possible, but the School may in certain circumstances be subject to legal reporting requirements or other legal obligations to share information with appropriate persons, including legal claims and formal investigations.

Self-reporting

Staff who find themselves in a situation which could be misinterpreted, might appear compromising to others, have behaved in a manner which on reflection they consider falls below the standard set out in the Code of Conduct for Staff are encouraged to self-report. Self-reporting can be positive for a number of reasons: it is self-protective in that it enables a potentially difficult issue to be addressed at the earliest opportunity; it demonstrates awareness of the expected behavioural standards and self-awareness of the individual's own actions or how they could be perceived; and is an important means of maintaining a culture where all staff aspire to the highest standards of conduct and behaviour.

Recording and reviewing low-level concerns

All low-level concerns will be recorded in writing by the Headteacher. The record will include details of the context in which the concern arose and the action taken. The name of the member of staff sharing the concern will be noted however, where the member of staff wishes to remain anonymous this will be respected as far as possible.

Records will be reviewed at regular intervals to identify potential patterns of concerning, problematic or inappropriate behaviour.

Retention of records

Records will be kept confidential, held securely and in compliance with the Data Protection Act 2018 and UK GDPR.

When the member of staff leaves and/or takes up new employment the records will be reviewed to ensure it still has value either as a safeguarding measure or because of its possible relevance to future claims and is therefore necessary to retain, or whether it can be securely destroyed.

References

Low-level concerns will not be included in references unless they relate to issues which would normally be included in a reference, e.g., misconduct or poor performance. Low-level concerns which relate exclusively to safeguarding (and not to misconduct or poor performance) will not be referred to in a reference. Where a low-level concern has met the threshold for referral to the LADO and found to be substantiated will be included in a reference.
