W/C 08/06/2020: Music

Year 2

Weekly Reading Tasks	Weekly Phonics Tasks
Monday- Listen to the programme Instruments Together (no instruments needed) . What instruments can you hear being played? Make a list of them.	Monday- Can your child list different musical words that begin with the letters M, U, S, I & C ? How many can they write? Can they identify rhyming words?
Tuesday- Ask your child to read a favourite story or to read Rumpelstiltskin here . When reading, play some quiet music. Talk to your child about how the music made them feel. Write a list of their feelings after this e.g. relaxed, calm.	Tuesday- Look at the following sounds: ai, ay, igh. Read the following words out and your child can match the correct sound to the word: nail, light, play, pray, night, paint, fight, spray, day, may, tray. Look for objects in the house with these sounds.
Wednesday- Read along to the story Every Bunny Dance . Following this, ask your child to list all of the instruments and dances that appeared in the book.	Wednesday- Ask your child to add the 'ing' suffix to these root words: beat, clap, dance, sing, hum e.g. beat+ing = beating . Where does the rule change?
Thursday- Practise a favourite rhyme or poem. Create actions and perform this to the family.	Thursday- Play this plural game or this investigating 'ai' game . Look at the activity on Education City
Friday- Listen to the story of a poor musician and a stray dog . Stop the film at certain points, e.g. 5:11 or 5:43. Discuss together what the characters might be thinking. Can your child draw thought bubbles showing this?	Friday- Write a list of musical words on paper/card. Play snap using these words. Rule: to be able to read the word to win!

Weekly Writing Tasks	Weekly Maths Tasks	
<p>Monday- Make an A-Z list of musical vocabulary. This could include instruments, artists or musical verbs. Apply some of these into sentences.</p>	<p>Monday- White Rose Maths activity – Unit Fractions</p>	<p>Videos are available for each session from White Rose Maths website. The worksheets have been sent out via School Ping.</p>
<p>Tuesday- Create fact files about musical instruments. This could include where they originate from, what they're made from, etc. Your child can include an illustration of the instrument and label the parts.</p>	<p>Tuesday- White Rose Maths activity – Non-unit Fractions</p>	
<p>Wednesday- Sequence the events of the Every Bunny Dance. If this is too challenging, they could draw the events in a comic strip style using words such as 'First', Then, 'Next' and 'After that'.</p>	<p>Wednesday- White Rose Maths activity – Finding a Half</p>	
<p>Thursday- Task your child with writing their own family song. When ready, they can perform it- perhaps to a family member on Facetime (with adult supervision).</p>	<p>Thursday- White Rose Maths activity – Finding a Quarter</p>	
<p>Friday- Visit the Literacy Shed for this wonderful resource on Once in a Lifetime or your child can create an invitation for their family song performance.</p>	<p>Friday- Use this day to consolidate the week's learning with Education City and practise times tables using some of the links below.</p>	

Learning Project - to be done throughout the week

The project this week aims to provide opportunities for your child to learn more about music. Learning may focus on famous musicians, listening to and performing music and exploring a range of music genres and instruments.

- **Famous Musicians-** Find out about famous singers and bands from UK. Listen to some of their music. Ask your child to list what they like/dislike about the music. What genre of music is it? Does it remind them of any singers or bands that they know? Create a fact file about the musician/s.
- **Making Music-** Task your child with making a variety of shakers. Using empty bottles from the recycling, fill them with different dry foods/things from the garden. How can they make the shakers sound different? Ask your child to use the shakers during their family song performance (see above). They could also write a set of instructions for making your own musical shakers.
- **Making More Music!-** Can your child use different parts of their body to make music e.g. clicking fingers, stamping feet. After this, ask your child to design a new instrument. This could be an instrument that belongs to the woodwind or brass family. They can draw and label their design and then make it using materials from the recycling. Does it work? Ask your child to record 3 ways they could improve their design.
- **The Four Seasons- Vivaldi wrote *The Four Seasons*** during the early Classical period. Divide a piece of paper into 4 and ask your child to draw each season in each box as they listen to the music [here](#). Discuss how each movement sounds different e.g. Spring is energetic and has a fast tempo.
- **What can I Hear?** Ask your child to visit different places in the home and garden. Get them to list all of the different sounds that they can hear e.g. the humming of the fridge. Which room is the noisiest? Encourage them to use words such as **volume, tempo, pitch** and **beat**. After this, ask your child to record the sounds and play them to the family. Can the family guess where the sound is coming from? Alternatively, your child can replicate the sound and the family could guess this way instead.

Wellbeing

This story may help if your child has any worries or concerns about coronavirus. <https://en.calameo.com/read/000777721945cfe5bb9cc?authid=Xu9pcOzU3TQx>

STEM Learning Opportunities

Making Instruments

- How many different sounds can you make with your voice?
- Try making an instrument that make different sounds. You will need: tin can/plastic cup, and some string etc.
- Don't forget to upload your pictures on [Dbprimary](#) (if you have made one)!
- For more ideas take a look at the full resources [here](#).

Additional learning resources parents may wish to engage with

- [White Rose Maths](#) online maths lessons. Watch a lesson video and complete the worksheet (can be downloaded and completed digitally).
- [Numbots](#). [TTRockstar](#) Your child can access this programme with their school login.
- [Education City](#) Your child can access this programme with their school login.
- IXL- Click here for [Year 1](#) or here for [Year 2](#) . There are interactive games to play and guides for parents.
- [Mastery Mathematics Learning Packs](#) Learning packs with different activities and lessons. Includes notes on how to do these activities with your children.
- [Y1 Talk for Writing Home-school Booklets](#) and [Y2](#) are an excellent resource to support your child's speaking and listening, reading and writing skills.

The Learning Projects are based on the **National Curriculum expectations** for the key stage which your child is in. It may be that your child finds the tasks set within the Learning Project for their year group too simple. If this is the case, then we suggest that your child accesses the Learning Projects which are set for the key stage above. Equally, if the projects are too challenging, then we advise that your child accesses the projects for the key stage below.

If your child requires more of a challenge, or you believe that there are some gaps in their learning then [Century Tech](#) is a fantastic resource that is currently free for home learning. The app is designed to address gaps and misconceptions, provide challenge and enables children to retain new knowledge. It uses artificial intelligence to tailor the learning to your child's needs. Sign up [here](#).
